Dear Paul,

I am pleased to provide you with a letter of recommendation and inform you of our complete satisfaction with our copier and Ray Morgan Company's service.

This is our second Canon copier over the past fourteen years and over this time you have proven the service quality to be prompt, pleasant, and hassle free. Our machine has not required a service call other than normal periodic checkups and service has been prompt and efficient. You cannot beat the quality and performance of the Canon products.

I would have no problem with you having anyone give me a call for reference at any time. We appreciate all of your help and personal commitment. We look forward to our continued working relationship with you and Ray Morgan Company.

Sincerely,

Linda Robie

Dear Paul,

On behalf of all of the members of the Siskiyou Charter of ACSA and the students who earned our scholarships I want to thank you and the Ray Morgan Company for your generous support of our 9th Annual Scholarship Fundraising Golf Tournament.

The tournament was very successful and we were able to award \$2,500 in scholarships to Siskiyou County graduates this year. This is possible only because of the support of our business partners and the many hours donated to this cause by our local members. Our future goals are ambitious, we hope to award at least \$3,000 and possibly \$3,500 in scholarships next year.

Thanks again and have a great summer.

Sincerely,

Mike Michelon
