Re: Letter of Recommendation for Ray Morgan Company

Our district has used the services of Ray Morgan Company for over 20 years. A few years ago, our superintendent at that time, decided to go with another company for the district office copiers. The employees were very unhappy and dissatisfied with the machines and the service. As a result, we returned to Ray Morgan. Our employees have always been very happy and satisfied with the copiers and the service by Ray Morgan's service representatives. They have always been very pleasant, professional, timely, and knowledgeable.

Our schools also use the service of Ray Morgan Company and the schools have always expressed satisfaction regarding the company and its employees.

Ray Morgan Company is extremely community oriented. Its employees can be seen at numerous community events, fundraisers, and other events that assist the community. Not only does the company donate to schools and to the community, its employees donate their own money and time.

I strongly recommend Ray Morgan Company for whatever copier services may be needed at your sites.

Sincerely,

Bob Kruse
Director of Student Services
