

Healthcare Solutions & Services

Through our exclusive healthcare assessment service we can identify your facility's unique document needs, usage and actual expenses. We can also provide customized solutions that streamline document output and workflow, ensuring regulatory compliance, and operational excellence.

COMMON CHALLENGES

- Budget cuts
- Expense control / predictability
- Transitioning from paper to digital records
- Security of patient information
- Regulatory compliance
- Reactive print consumables ordering
- IT burden to support print

Business Outcomes

- Cost reduction typically in the range of 30%
- Budget control & predictability
- Dramatically elevated service levels
- Improved staff & care provider productivity
- Eliminated unnecessary copying / printing
- Deployed a greener print strategy

We can also provide customized solutions that streamline document output and workflow, ensuring regulatory compliance, and operational excellence.

We're proud of the business relationships we've formed with so many of the healthcare providers in the communities we serve.

DOCUMENT MANAGEMENT BY THE NUMBERS

90%

of critical info is only on paper

8%

of paper documents are lost

\$220

to reproduce a lost document
