Retail Solutions & Services

Since most retail organizations don't know exactly how many print devices they have or how much they are actually spending on print, we've created a managed print program to suit the unique needs of retail organizations.

COMMON CHALLENGES

- Decentralized purchasing
- Poor cost visibility
- No usage or cost control
- Reactive print consumables ordering
- Workflow & communication bottlenecks

Business Outcomes

- Cost savings
- Expense control
- Single vendor simplicity & accountability
- Speed of communication
- Dramatically improved service levels

With our exclusive Managed Print program for Retail, you'll be able to better manage your documents in a hardcopy and digital format. We'll also keep your people focused on more revenue generating tasks since we take full responsibility for your printing hardware, service and supplies.

DOCUMENT MANAGEMENT BY THE NUMBERS

90%	8%	$220	30%
of critical info is only on paper	of paper documents are lost	to reproduce a lost document	of businesses aren't disaster ready
